**SAVE THESE INSTRUCTIONS!**

## Install the Fixture

- 1 Level and center the backplate over the junction box, then mark the anchor holes locations through the holes on the mounting plate.
- 2 Drill appropriate sized holes at the marked locations.
- 3 Connect the fixture to a suitable ground in accordance with local electrical codes.
- 4 Connect the white fixture wire to the neutral power line wire with a wire nut.
- 5 Connect the black fixture wire to the hot power line wire with a wire nut.
- 6 Secure the backplate to the ceiling using the mounting screws.
- 7 Install the anchors at the marked locations through the mounting plate.
- 8 Install the diffuser to the backplate by carefully inserting it into the backplate until it snap into place. **Make sure the diffuser is fully secured before releasing.**
